02_Recruitment_and_Hiring_Policy

Meridian Global Technologies Pvt. Ltd.

Document classification: Internal — HR Access Only **Applies to:** Hiring Managers, HR Team, Interview Panelists **Last reviewed:** January 2026 | **Owner:** Talent Acquisition Team

---

1. Purpose and Scope

This policy defines the standard process for identifying, evaluating, and hiring candidates for all open positions at Meridian Global Technologies Pvt. Ltd. It applies to all full-time, contract, and intern hiring across departments and locations.

2. Manpower Planning

All hiring requisitions must originate from an approved headcount plan. Hiring Managers submit a Position Requisition Form via the ATS (Applicant Tracking System), including:

- Business justification (backfill vs. new headcount)
- Budget approval reference number
- Required skills and experience level
- Target compensation band

Requisitions above the approved annual headcount plan require additional sign-off from the Department Head and Finance.

3. Job Posting Guidelines

Job postings must be reviewed by HR before publishing to ensure compliance with equal opportunity language requirements and consistency with the approved compensation band. Postings should avoid:

- Age, gender, or marital status preferences
- Unnecessarily restrictive degree requirements not tied to the actual role
- Internal jargon that obscures the actual responsibilities

Postings remain live for a minimum of 7 working days before a candidate can be moved to offer stage, except for referral-sourced candidates.

4. Sourcing Channels

Approved sourcing channels include the careers page, LinkedIn, approved recruitment agencies (see empaneled vendor list on the HR portal), employee referrals, and campus placement drives. Use of unapproved third-party sourcing agencies requires prior Procurement and HR sign-off.

Channel	Typical Use	Approval Needed
Careers page / LinkedIn	All roles	None
Employee referral	All roles	None
Recruitment agency	Senior/specialized roles	HR + Procurement
Campus drive	Entry-level/graduate roles	HR + Department Head

5. Interview Process

Standard interview process consists of the following stages, though the number of

technical rounds may vary by role seniority:

1. Resume screening by HR/recruiter.
2. Recruiter phone screen (30 minutes).
3. Technical/functional round(s) (1-3 rounds depending on level).
4. Hiring Manager round.
5. Culture/values round (typically with a cross-functional panelist).
6. Final decision and offer approval.

All interview panelists must complete Interviewer Training before conducting panels, and must submit structured feedback in the ATS within 24 hours of each interview.

6. Selection Criteria and Scorecards

Every open role must have a documented scorecard defining the must-have and nice-to-have criteria before interviews begin. Panelists score candidates independently against the scorecard; scores are not shared between panelists until all interviews are complete, to reduce anchoring bias.

A candidate must receive a “hire” or “strong hire” recommendation from at least 75% of panelists to proceed to offer stage.

7. Background Verification

All offers are contingent on successful completion of background verification, covering:

- Identity and address verification
- Employment history verification (previous 2 employers minimum)

- Education verification
- Criminal record check (where legally permissible)
- Reference checks (minimum 2 professional references)

Background verification is conducted by an approved third-party vendor and must be completed before the candidate’s confirmed start date. Adverse findings are reviewed jointly by HR and Legal before any offer is rescinded.

8. Offer and Negotiation Guidelines

Compensation offers must fall within the approved band for the role and level. Any exception requires written approval from the Department Head and Head of HR. Offer letters are generated and issued exclusively by HR — hiring managers must not verbally commit to specific compensation figures during interviews.

9. Onboarding Checklist

Upon offer acceptance, HR initiates the onboarding workflow, which includes:

- Background verification kickoff
- IT asset request (laptop, accounts, access provisioning)
- Facilities/workspace allocation
- Buddy assignment
- Day-1 orientation scheduling
- Statutory documentation collection (PAN, bank details, prior employment documents)

New hires are expected to complete all onboarding portal tasks within their first 5 working days.

10. Referral Program

Employees who refer a successfully hired candidate are eligible for a referral bonus, payable after the referred candidate completes 90 days of employment. Referral bonus amounts vary by role level and are published on the HR portal. Employees may not refer immediate family members for roles within their own reporting line.

11. Diversity and Inclusion in Hiring

Hiring panels for roles above a specified seniority level must include at least one panelist from a different function to reduce homogeneity in evaluation. Recruiters are expected to actively source from diverse candidate pools where feasible, in accordance with the Company’s broader D&I commitments.

12. Approval Matrix

Action	Approver(s)
New requisition (within plan)	Department Head
New requisition (above plan)	Department Head + Finance + HR Head
Offer within band	Hiring Manager + HR
Offer above band	Department Head + HR Head
Rescinding an offer	HR Head + Legal
